

Have you got your photo directory yet?

***Family
and Friends***

2010

The "Family and Friends - 2010" Photo Directory is here! The Directory is available at the Church office, or from any member of the Communications Committee, or the Photographers Committee.

The directory contains more than 160 color photos, and more than 300 identified individuals (most with contact information) all wrapped up in a loose-leaf three-ring binder which will make it easy to add more photos and information as it becomes available.

Best of all, the "Family and Friends - 2010" directory is designed to be "cheap" in the sense that production costs were minimized, and versatility was maximized by design. We also took advantage of quantity printing, and we are offering the directories virtually "at cost" to people who want them.

The price of a "Family and Friends - 2010" Photo Directory is only \$5.00. We hope you will purchase several - perhaps one for your place of business, and one for your home - and perhaps one to have "in stock" so that you might offer it as a gift to a prospective member when you invite them to our services!

Pick one up at the Church office, or call to make arrangements today!
